

# Join the Aging Well Practitioner Network

Aging Well is a donation-based program of UYM Charities that provides seniors with free, holistic care through community pop-up events in familiar, welcoming spaces. Our mission is to bring essential wellness services—such as acupuncture, massage therapy, energy healing, spiritual counseling, and more—to seniors who might otherwise lack access to these beneficial therapies.

We're building a network of compassionate practitioners willing to donate time or offer reduced-rate sessions, participate in 1-2 hour wellness pop-ups, and collaborate with like-minded professionals.

## Marketing Exposure

Gain visibility through our website, newsletters, and event promotions

## Networking Opportunities

Connect with values-aligned professionals, practitioners, nonprofits, and funders

## Give Back

Affirm your practice's purpose while serving vulnerable community members

## Priority Consideration
